

Morgan J. Henderson

Tel: +1 (406) 381-5849 Arvada, CO 80003

Email: morgan.james.henderson@gmail.com

Relevant Skills

Programming Languages

C++, Python, MATLAB, C#, HTML, CSS, Javascript, R, SQL

Physics & Engineering

Molecular dynamics, lattice dynamics & vibrational analysis, RF circuit modeling, magnetostatics, finite elements, experimental controls software

Mathematics & Computer Science

Optimization, Kalman/Bayesian filters, machine learning, parallel programming, eigen-analysis

Education

The University of Colorado Boulder

August, 2018 - May, 2022

M.S. Aerospace Engineering Sciences

Professional Certificate, Engineering Management in the Aerospace Industry

The University of Montana

August, 2012 - May, 2017

B.A. Physics, option in Astronomy (High Honors)

B.A. Mathematics, focus in Applied Mathematics (High Honors)

Employment

Associate Research Scientist

June 2022 - Present

RadiaSoft LLC

Research Assistant, Teaching Assistant

August 2018 - May 2022

The University of Colorado Boulder, Department of Aerospace Engineering Sciences

Analyst/Programmer I &II

November, 2017 - August 2018
The State of Alaska, Department of Education and Early Development

Visiting Researcher

June, 2017 - August, 2017
NASA Frontier Development Lab, The SETI Institute

Research Assistant

January, 2015 - May, 2017
Project MINERVA, The University of Montana

Student Researcher

June, 2016 - August, 2016
NASA Ames Research Center and the SETI Institute
